

REMONETIZATION OF SILVER AFTER WAR

Herman Zadig, who arrived yesterday from San Francisco, visited the North Star and Rescue-Eula properties. He says he feels very sanguine regarding the 1950 level of the Star. It is through the Mispah fault and into the trachyte, where there are very good indications of getting ore. Two crosscuts are to be started. He thinks that this work will lead to a valuable development.

According to reports he received, the Rescue continues to look very well. The output has been increased to from 60 to 62 tons every second day. He believes that the showing justifies the assertion that the mine is just beginning to be developed. There are splendid indications for getting ore in the Maggie May on the 1100, where crosscutting is now in progress in very favorable formation. It looks better than on the 950 before the ore was encountered. Mr. Zadig said he was very en-

thusiastic over the outlook for the Tonopah Bonanza Mining company. He feels that the taking of a large interest in that locality by Butte and Boston capital proves that there are splendid possibilities of developing bodies of ore in that portion of the district.

He was also very much delighted to learn that the Tonopah Extension Mining company had purchased the Sully group. The deal proves of the greatest importance to the Afterall, in which the Umatilla is a large holder. Mr. Zadig said, just as he was leaving for Goldfield to inspect the Silver Pick, a property in which he has the greatest confidence:

"The future of Tonopah looks better to me than ever before. When the war is over Europe cannot help but remonetize silver. The bankers of the various nations must come together for this purpose."

PADUCAH IS PREPARED FOR FURTHER TROUBLE

(By Associated Press.)

PADUCAH, Ky., Oct. 17.—On the heels of two lynchings here yesterday, Paducah prepared for possible further trouble last night by ordering saloons to remain closed and by swearing in extra peace officers.

The authorities, it was said, feared the lust for blood among the employees of a large railroad might be whetted by the summary execution during the day of two negroes whose bodies were afterwards burned. One of them was charged with attacking the wife of one of the employees, the other expressed sympathy for him and, it was said, lauded his act.

HE KEPT US OUT OF WHAT WAR?

Disingenuous to Boast That It's Through Any Act of Wilson We Are Out of the European Contest.

RATHER SHOULD BE BLAMED FOR MEXICO BELLIGERENCY

During the Present Administration We Have Seized a Mexican Port and Sent Our Entire Army and Militia to Fight Mexicans While Armed Mexican Forces Have Invaded American Soil and Fought Battles Against Our People.

Sometimes you hear men, sensible men, too, say, "I'm going to vote for Wilson this year because he kept us out of war."

Ask such men a short question. Ask them, "Out of what war?"

Did Mr. Wilson keep us out of the European war? No. He has himself in a formal address to congress spoken of the European war as "a war with which we have nothing to do, a war whose causes do not touch us." How could Mr. Wilson keep us out of a war with which we have nothing to do and whose causes do not touch us?

Did he keep the rest of the western hemisphere out of the European war? No independent nation on this side of the world is involved in it; the only people in it are the colonies of European powers and they had no voice in their fate, for they were automatically sent to war when their mother governments went to war. Who kept Argentina, Brazil, Chile, Peru, out of the European war? Did Mr. Wilson?

Did Mr. Wilson keep us out of war with Mexico? No. In his term more Americans have been killed by Mexicans and more American property has been destroyed by Mexicans than by Spaniards during the whole Spanish war. In his term we have seized a Mexican port and have sent our entire

PLAN FORMED TO PUT CHICAGO IN DRY LIST

(By Associated Press.)

CHICAGO, Oct. 17.—Plans for a campaign to make Chicago "dry" in 1918 were formally announced yesterday at a luncheon of the "Dry Chicago Federation." Fifty thousand dollars was pledged to carry on the campaign. It is planned to submit the question to a referendum vote in the spring of 1918. Former Congressman Richmond P. Hobson of Alabama spoke at the meeting at which the campaign was launched.

HIGH LEVEL REACHED IN THE COTTON MARKET

(By Associated Press.)

MOBILE, Ala., Oct. 17.—Spot cotton reached a new high level in Mobile yesterday when it sold for 17.12, the highest in the history of the Mobile cotton exchange. The price is 12 points above the New Orleans market, which reached the highest point since the civil war.

ADDRESS BY MR. MILLS

Walter Thomas Mills, the noted writer and lecturer on questions of social science and economics, addressed a large audience last evening in the Air dome. The meeting was held under the auspices of the local Socialists' union. Mr. Mills is a convincing speaker, very much in earnest and is calmly argumentative. He spoke of Socialism as the only cure for the social unrest that besets this nation.

regular army and militia to fight Mexicans. In his term Mexican armed forces have invaded American soil and fought battles against our people within our boundaries.

President Taft went through two Mexican revolutions during his term, the revolution against Diaz and the revolution against Madero. American lives were safe in Mexico during that time. No Mexican cities were seized by Americans and no armed Mexicans invaded the United States while Mr. Taft was in the White House. Yet Mr. Taft never thought of asking the American people to vote for him because he kept us out of war with Mexico. He put an embargo on arms so that American weapons would not be sent across the boundary, and he refused to interfere in Mexican affairs. When he left office Mexicans liked Americans, and Americans were safe in Mexico. Since he left office Mexicans hate Americans and Americans dare not remain in Mexico. Did Mr. Wilson keep us out of war with Mexico? Not if words mean anything. Mr. Wilson did not keep us out of the European war, and he did not keep us out of war with Mexico. Out of what war, then? —Detroit Free Press.

GREAT WESTERN SOLVES WATER PROBLEM

"The water problem has been solved at last in the Great Western," said O. E. Daube, the New York stock broker and promoter, this morning in conversation with the Bonanza in the Mispah. Mr. Daube has been the leading factor in the transfer and consolidation of large acreages of mining ground in the western end of the Tonopah district, and, like a good poker player, he is not showing his hand, but it is to be inferred that he is far from completing his activities in this district.

Mr. Daube, accompanied by John Magee, superintendent of the Tonopah Bonanza and Great Western

properties, left this morning to confer with officials of the Tonopah Western Consolidated Mining company in Salt Lake City. This is the corporation that has taken over, through Mr. Daube's instrumentality, the Comstock, Table Mountain, Silver Queen, Golden Gate and other properties in the western section. Mr. Magee will return in a few days, but Mr. Daube's duties will keep him away until probably some time in January. Meanwhile his interests here will be looked after by Emil Daube, who arrived several days ago from New York City.

Mr. Daube states that arrangements have been made for the purchase of equipment for installing a central power plant for the use of mines and mills, but that, owing to press of orders, the machinery cannot be delivered here for from six to eight months.

(By Associated Press.)

BERLIN, Oct. 17.—A largely attended meeting of "the independent committee for German peace," one of the organizations conducting an agitation for a ruthless submarine war, was held here yesterday. Deputy Fuhrmann, national liberal leader in the Prussian diet, acted as chairman. According to the Tageblatt's report, the meeting insisted that an unrestricted submarine warfare must and should begin immediately. Count von Reventlow, editorial writer on the Tages Zeitung, who was one of the prominent speakers, added Dr. Karl Helffer, secretary of the treasury, to the list of the undesirable. He said Dr. Helffer was more dangerous than the imperial chancellor, Dr. von Bethman-Hollweg.
